

May 1, 2006

Dear Client

Thank you for participating in the Refer for a Cure. We are excited at the level of enthusiasm we have received towards our support of the fight against breast cancer. It is something that everyone can help out with, whether through referrals and donations, participation in a race, or caring for a loved one.

Cancer has been a matter close to my heart since one of our own employees, Victoria Barajas, was diagnosed with breast cancer in 2003. She was in her early 30's and pregnant at the time. I would never have thought that it could strike somebody so young and healthy, but it did. I am pleased to report that she survived and is on the road to recovery, but many are not as fortunate.

Cancer is an illness that has rapidly increased in occurrences during the past 20 years, and will soon take the place of heart disease as the number one cause of death for people under 80. In my life time, 1 in 2 men and 1 in 3 women will be diagnosed with cancer, and many of them will not survive. Cancer is a very real and active threat to people you and I know and love.

Please accept my sincere thanks for your support of Promark Financial's efforts to contribute towards cancer awareness, research, and prevention.

Sincerely Yours,

A handwritten signature in black ink, appearing to read 'Leonard Aoyama', with a horizontal line extending from the end of the signature.

Leonard Aoyama
President
Promark Financial

P.S. Thank you again for your referrals and for providing your friends and family with the opportunity to purchase life insurance before it is too late. Know that we will take extra care to provide the same excellent service to them that we provided to you.
